

2019 Grand Marshal Putnam County Columbus Festivities Anthony DiCarlo

Anthony is the Superintendent of Schools for The Mahopac Central School District. His journey in education started thirty-six years ago. He has served as an administrator for twenty-three years at all levels from kindergarten through grade twelve. He has been a Principal, Athletic Director, Director of Instruction and Human Resources. He has been blessed in his profession to see children of all ages grow and learn about themselves and their community. He has given service to his community over the years as both a Carmel Town Councilman and Putnam County Legislator. His true passion is education and he strives to ensure that every student has an opportunity to reach their potential. Anthony is honored to continue to serve the Mahopac Community and has been so fortunate to work with so many wonderful individuals and groups through his years in public service in Mahopac and Putnam County.

Anthony was born on November 15, 1961 to Fred and Annette DiCarlo. He grew up in Eastchester NY, and attended Iona College where he received an M.S. in Education and School Administration. He married his beautiful wife Rosemarie. They have been married for thirty-three years and have four children, Anthony, Daniel, Mark and Dana.

In 1999 he moved into Mahopac with his family and became active in MSA and subsequently local politics. Through the years he has come to admire the hard work and dedication that makes the Italian American Club of Mahopac a cornerstone of the community.

He has established the term “The Mahopac Way” when he talks about the school district and our community. “ The Mahopac Way” blends the traditions of our past that we hold so important along with getting all students ready for college and a career in an ever-changing world.

Anthony is humbled and honored to have been selected as a Grand Marshal for this year's Columbus Day Parade. He is so proud of his Italian heritage and truly understands the importance of "famiglia" within our homes, school, and in the community.

He would like to extend his thanks to the Italian American Club of Mahopac and the Columbus Day Festivities Committee for this incredible honor. "Grazie a Tutti !"
